Sea, food, music, history, culture, fun. Fano is all this – and so much more. A city that smells of salt air and tradition, that comes alive with the rhythm of its events, that welcomes you with its cuisine and wins you over with its history.

Fano Carnival

Historic Center

2026 EDITION

25 January / 1, 8 and 15 February

The Carnival of Fano, the oldest in Italy, is an event that blends tradition and spectacle.

Famous for the "getto"—the joyful throwing of sweets into the crowd—it delights both young and old in a festive atmosphere, animated by the majestic papier-mâché floats created by master artisans and the iconic presence of "El Vulón", a mask symbolizing irony and satire.

Its rich history even inspired the film "Cartapesta", a tribute to the past and present of this unique and captivating celebration.
